Data Science Intern — Facebook / June 2020 - August 2020

Participated in an analytics development training course through Facebook University Analytics on the Instagram Media Infrastructure team. Used SQL and R to complete and present a data-intense final project to data engineers, data scientists, and software engineers.

Research Assistant — CMU Language Acquisition, Processing, and Pedagogy Lab / July 2019 - August 2019

Used R to extract information from large sets of experimental video game data, organized data to complement researcher needs, assist in running experiments.

Kode with Klossy Scholarship — Kode With Klossy / July 2015

Recipient of the inaugural Kode with Klossy scholarship given to 21 girls nationwide founded by supermodel Karlie Kloss. Attended a fully funded 2-week long Ruby on Rails bootcamp through the Flatiron School.

activities & interests

Kappa Kappa Gamma

Member and 2020 Philanthropy Chairman of Kappa Kappa Gamma. Planned, organized, and supported different events to raise money for Reading is Fundamental and 412 Food Rescue.

TEDxCMU

Member of the TEDxCMU board, providing students with the opportunity to give licensed TEDx talks. As a member of the TEDxCMU Salon team, I organize smaller TEDx events to give students a relaxed platform to share their ideas.

Personal interests include...running half marathons, baking vegan desserts, pour over coffee, and the New York Times Crossword
